

BEN SARJEANT

FRONT END DEVELOPER

PROFILE SUMMARY

I am a Front-End Developer with a passion for developing creative applications to solve complex problems. With strong communication and time-management skills, I have been able to thrive under fast-paced, high-intensity environments. I am an avid camper and adventurer which trickles down into my coding lifestyle where I am continuously learning and exploring new development skills.

DEVELOPMENT STACK

- ✓ HTML | CSS | SCSS
- ✓ JavaScript | jQuery
- ✓ React
- ✓ Ajax | APIs
- ✓ Git | Version Control
- ✓ Python | SQL
- ✓ Leaflet | Mapbox
- ✓ Web Accessibility
- ✓ Responsive Design

PROJECTS

Ride the Bus

jQuery | HTML | SCSS

- Card game utilizing jQuery, focusing on conditionals and switch statements to allow user to play through four different increasingly difficult sections.

Weather Application

React | JavaScript | APIs | HTML | CSS

- React application built in under a week allowing user to quickly receive the weather and forecast for their inputted city.

ACADEMIC HISTORY

Juno College (Formerly HackerYou)

2020 - 2021 | Web Development Bootcamp

- 600+ hours of coding and 7 projects over 10 weeks full-time.
- Covered industry standards and best practices when it comes to mastering core front end web development concepts.

Fleming College

2017 - 2018 | Graduate Certificate, GIS Applications

- Post graduate program covering wide range of GIS fundamentals.
- Notable Subjects: Web-Based GIS, Python, SQL & Database Development, Spatial Analysis & Remote Sensing, ArcGIS Product Suite.

University of Guelph

2013 - 2017 | BA, Specialized in Geography & Geomatics

WORK EXPERIENCE

Residential Contracting Associate

Moore Park Homes Inc. | Summer 2019 - Winter 2021

- Worked hands-on to learn and understand the residential construction process from start to finish.

GIS Technician

Planview Utility Services | 2018 - 2019

- Worked alongside small team focusing on integration of GIS solutions for SUE applications.
- Operated as a technical support specialist and aided in the development on a web-based GIS SaaS for major utility companies.

Director of Canoe Tripping, Section Manager

Camp Hurontario | 2015 - 2017

- Handled all logistical operations and financial planning for single day to multi-week canoe trips, a founding pillar of the camp.
- Made crucial policy decisions about operations daily as a member of the director team.
- Trained and managed 20+ staff and organized leadership events for staff and older campers.
