PROFILE SUMMARY

I am a Front-End Developer with a passion for developing creative applications to solve complex problems. With strong communication and time-management skills, I have been able to thrive under fast-paced, high-intensity environments. I am an avid camper and adventurer which trickles down into my coding lifestyle where I am continuously learning and exploring new development skills.

EDUCATION

Web Development Bootcamp | *2020*

Juno College (HackerYou)

- Completed 600+ hours of coding and 7 projects over 10 weeks full-time covering industry standards and best practices when it comes to mastering core front end web development concepts.

Graduate Certificate, GIS Applications Specialist | *2017 – 2018*

Fleming College | *Dean's List 2017 & 2018*

BA, Specialized in Geography with a focus on Geomatics | *2013 – 2017*
The University of Guelph

WORK EXPERIENCE

Moore Park Homes Inc., Toronto, ON

Residential Contracting Associate | *Summer 2019 - Present*

- Worked hands-on to learn and understand the residential construction process from start to finish.

Planview Utility Services, Toronto, ON

GIS Technician | *Summer 2018 – Summer 2019*

- Worked alongside small team focusing on integration of GIS solutions for SUE applications.
- Operated as lead technical support specialist on a web-based GIS SaaS for various large telecommunication companies.

Camp Hurontario, Georgian Bay, ON

Director of Canoe Tripping | *Summer 2016 – Spring & Summer 2017*

- Handled all logistical operations and financial planning for single day to multi-week canoe trips, a founding pillar of the camp.
- Made crucial policy decisions about tripping operations daily as leader of the tripping team.

Head of Work Crew | *Spring 2016*

- Managed team of 5 staff members, coordinated daily operations, strategized weekly plans to maximize time efficiency, and ensured all work completed was finished with a high degree of quality.

Section Head | *Summer 2015*

- Trained and managed 20+ staff, organized leadership activities and events for staff and older campers.

White Water Trip Leader / Counsellor | *Summer 2011 – 2014*

SKILLS

HTML5 | CSS3 | SCSS

JavaScript | jQuery

React | Firebase

Ajax | RESTful APIs

Python | FME | SQL

Responsive Design

Web Accessibility

Git & Version Control

Time Management

Critical Thinking

PROJECTS

Ride the Bus

jQuery | HTML | SCSS

Card guessing game utilizing jQuery and focusing on conditionals and switch statements to allow user to play through four different sections.

Weather Application

React | JavaScript | APIs | HTML | CSS

React application built in under a week allowing user to quickly receive the weather for their inputted city.

VOLUNTEER

Haliburton Highlands Land Trust | *Spring 2018 – Summer 2018*

Developed a GIS-based system to aid in the creation of cartographic outputs and maintenance throughout managed land parcels.
